

We believe all pets are important and that they deserve the very best care we can provide. With this in mind, we have developed our Pet Group package to make your cat's preventative health care simple, affordable and most of all very convenient. This will help you provide all the essential care your pet needs over a year, leaving you with peace of mind and more time to enjoy them.

THE PET GROUP for cats

For preventative health care
that is simple, affordable &
very convenient

What does it cost?

\$400 per year

When can my pet join?

It is recommended to sign up at the time your cat's annual vaccination is due. This ensures you get the greatest benefit from the package.

What are the benefits?

Apart from the obvious benefits of a happy, healthy cat who is free from parasites and preventable diseases, pets enrolled in the club also receive the benefits listed below.

Annual health check and vaccination

Your cat's veterinarian will perform a full health assessment and give your cat the necessary vaccinations. They are also available to address any concerns you have about your dog.

Annual Blood test for Preventative health

Your cat is eligible for an annual blood test to assess their underlying health including liver, kidney and thyroid function as well as a faecal and urine test. This information is important to identify early changes which can help to prevent future health problems.

12 months of flea and worm control

You will be provided with a monthly treatment which covers fleas, ticks, mites, hookworm, roundworm, whipworm and heartworm. You will also be provided a separate tapeworm tablet to be given every 3 months.

50% off consultations throughout the year

If you have any concerns about your pet throughout the year, you will receive 50% off the consultation fee. You are eligible for as many consultations during the year as you require.

Free check-ups and nail trims with a nurse

Throughout the year you have access to unlimited nurse consults where you can ask questions on diet, grooming, their weight, and assistance with training. You also receive four free nail trims.

10% off medications, products, toys and food

This applies to our wide range of pet foods, supplements, leads, collars, toys as well as coat care items.

FAQs

What about pet insurance?

The Pet Group is an annual subscription that helps to support your pet's preventative care needs as well as save you money. This product does not replace pet insurance and clients are encouraged to do their own research to see what best suits their circumstances.

Does this include afterhours?

At The Vet Group, we provide care 24 hours a day, 7 days a week. Members will be eligible for 50% off consultations made at any of our clinic locations, including standard consults, revisit consultations, nurse consultations and acupuncture. Members will receive a discount off the consultation price only. In the event of after-hours or emergency appointments surcharges will apply. House calls and Veterinary specialists' consultations are excluded.
